DREAMHEIGHT GLOBAL
CONSULT LIMITED

Driving Integrity, Strengthening Institutions, Building a Better Future.

Dreamheight Global Consult Limited is an evidence-driven advisory and capacity-development firm supporting governments, institutions and businesses to strengthen governance, improve performance and deliver sustainable reform outcomes.

CORE ADVISORY AND CAPACITY-BUILDING SERVICES

INSTITUTIONAL DEVELOPMENT
Systems, structures and organisational performance

GOVERNANCE REFORM
Integrity architecture, accountability and public-sector reform

CAPACITY BUILDING
Executive learning, facilitation and practical implementation tools

STRATEGY & ADVISORY
Evidence, policy design, research and delivery support

NATIONAL FLAGSHIP PROGRAMME

ANNUAL NATIONAL ANTI-CORRUPTION CONFERENCE AND CAPACITY-BUILDING WORKSHOP 2026

THEME

From Diagnosis to Design: Harmonising Nigeria's Anti-Corruption Architecture through Collective Ownership

DATE:
21–23 October 2026

VENUE:
Ibom Hotel and Resort,
Nwaniba Road, Uyo,
Akwa Ibom State

A national design laboratory for coordinated action, institutional ownership and measurable accountability.

3 EVENT SERIES

Part of the National Anti-Corruption Conference & Capacity-Building Series (3 Events)

THE 2026 IMPERATIVE

A National Turning Point

Nigeria has established extensive laws, institutions, strategies and monitoring instruments to combat corruption. The central challenge is no longer the absence of effort, but the fragmentation, duplication and uneven coordination of existing efforts across institutions, sectors and levels of government.

The 2026 edition moves decisively from diagnosis to collaborative institutional design.

The conference will provide a structured national process for turning consensus into practical instruments, clearly assigned responsibilities and measurable implementation arrangements.

What the 2025 Conference Established

Corruption is systemic and multidimensional; frameworks and tracking tools often operate in silos; broader consultation is required for a credible and nationally owned architecture.

What the 2026 Conference Must Deliver

Shared design principles, harmonised tools, clear institutional roles, coordinated reporting arrangements and a reedible implementation roadmap.

3 DAYS OF CO-CREATION | **4** CORE NATIONAL OUTPUTS | **1** SHARED ARCHITECTURE

The 2026 Conference is not another talk shop.
It is a national design laboratory where institutions and stakeholders will jointly develop practical, measurable and implementable anti-corruption instruments.

STRATEGIC CONTINUITY

From 2025 Consensus to 2026 Co-Design

23–25 OCTOBER 2025 | LAGOS

Inaugural National Conference: Diagnosis and Consensus

The first edition examined corruption's national costs, stakeholder roles, institutional reform, digital governance, grassroots mobilisation and forensic accounting. Participants deferred the design of the NAF and SNACPTT to enable broader consultation.

24–26 JUNE 2026 | KIGALI

Executive Integrity & Performance Delivery Retreat: Institutional Prevention

Senior executives examined leadership, weak systems, corruption risk mapping, minimum control standards, digital governance, performance accountability and institutional reform planning.

21–23 OCTOBER 2026 | UYO

Second National Conference: Harmonisation and Design

Stakeholders will bring existing frameworks, lessons and institutional tools into a structured co-creation process to develop nationally owned draft instruments and implementation arrangements.

POST-CONFERENCE

Implementation, Monitoring and Continuous Learning

Outputs will proceed through technical consolidation, institutional validation and applicable approval processes, followed by implementation, reporting and annual review.

IMPORTANT CLARIFICATION
The unified National Anti-Corruption Framework has not yet been articulated. This conference is designed to support its consultative development, harmonisation and validation.

THE COMPLETE ANTI-CORRUPTION CYCLE

One National Cycle. Three Complementary Platforms.

The Annual National Anti-Corruption Conference and Capacity-Building Workshop is the flagship platform in a coordinated series of three annual events designed to address the complete anti-corruption cycle—from national policy and prevention to enforcement, justice, recovery and institutional learning.

1

Annual National Anti-Corruption Conference and Capacity-Building Workshop

Policy, coordination, framework harmonisation, capacity building, collective ownership, monitoring and public accountability.

POLICY • COORDINATION • OWNERSHIP

2

Annual Executive Integrity & Performance Delivery Retreat

Preventive governance, executive leadership, corruption risk mapping, minimum controls, institutional systems and performance delivery.

PREVENTION • LEADERSHIP • PERFORMANCE

3

Annual National Anti-Corruption Enforcement, Justice and Asset Recovery Forum

Detection, intelligence, investigation, prosecution, adjudication, sanctions, asset recovery and feedback into prevention.

CONSEQUENCES • JUSTICE • RECOVERY

How the cycle works

The Conference establishes national direction; the Retreat strengthens institutions to prevent corruption and improve performance; the Forum closes the accountability loop when corruption occurs. Lessons from all three platforms feed into the next annual cycle.

INCLUSIVE CO-CREATION

Conference Aim and Strategic Objectives

Conference Aim

To collaboratively design and harmonise Nigeria's anti-corruption architecture through inclusive stakeholder engagement, resulting in nationally owned, practical and implementable tools for coordination, monitoring and accountability.

STRATEGIC OBJECTIVES

1. Harmonise existing anti-corruption frameworks, strategies and progress-tracking tools across institutions.
2. Facilitate the co-creation of a National Anti-Corruption Framework anchored on shared principles, clearly defined roles and measurable national outcomes.
3. Develop and validate a Standardised National Anti-Corruption Progress Tracking Template for consistent reporting, comparison, learning and accountability.
4. Strengthen coordination and collaboration among government institutions, the Legislature, Judiciary, civil society, media, academia, private sector, professional bodies, communities and development partners.
5. Connect anti-corruption policy with executive integrity, institutional systems, performance delivery, enforcement, justice and asset recovery.
6. Institutionalise collective ownership through an implementation pact, assigned responsibilities, review mechanisms and sustained stakeholder engagement.
7. Translate policy dialogue into actionable, measurable and sustainable reforms at national and sub-national levels.

GUIDING PRINCIPLES

- Collective Ownership
- Institutional Respect
- Evidence and Practicality
- Inclusivity
- Role Clarity
- Measurability
- Transparency
- Continuous Learning

DESIGNED FOR RESULTS

Expected National Outputs

1 Draft National Anti-Corruption Framework (NAF)

A stakeholder-developed framework setting out shared principles, strategic pillars, institutional roles, coordination mechanisms, implementation responsibilities and intended national outcomes.

2 Standardised National Anti-Corruption Progress Tracking Template (SNACPTT)

A common structure for reporting priorities, indicators, activities, results, institutional responsibilities, risks, lessons and corrective actions.

3 Stakeholder Ownership and Implementation Pact

A formal statement of shared commitment to coordinated implementation, information sharing, role performance, periodic reporting and collective accountability.

4 Implementation and Review Roadmap

A sequenced roadmap defining technical consolidation, validation, approval pathways, milestones, review cycles and continuous improvement arrangements.

Supporting Technical Outputs

- Inventory and harmonisation matrix
- Stakeholder roles matrix
- Priority indicators
- Recommendations for integrating executive integrity tools and minimum control standards

Conference Accountability Outputs

- Plenary-validated design principles
- Communiqué
- Institutional commitments and focal points
- Agenda inputs for the enforcement and justice forum

All draft outputs will remain subject to the relevant technical review, institutional validation and formal approval processes.

INTEGRATED CONTENT FRAMEWORK

Eight Thematic Pillars

PILLAR 01

01 Policy and Framework Harmonisation

Mapping, comparing and aligning existing strategies, frameworks, scorecards and reporting tools.

PILLAR 02

02 Institutional Coordination and Role Clarity

Defining mandates, referral pathways, collaboration protocols, focal points and accountability relationships.

PILLAR 03

03 Legal, Regulatory and Justice Alignment

Identifying gaps, overlaps and reforms required to strengthen due process, enforcement consistency and institutional effectiveness.

PILLAR 04

04 Executive Integrity, Prevention and Performance

Integrating leadership, risk mapping, minimum control standards, performance dashboards and reform ownership.

PILLAR 05

05 Digital Governance, Data and Transparency

Interoperability, e-procurement, digital payments, audit trails, open data, analytics and evidence-based management.

PILLAR 06

06 Citizens, Media, Civil Society and Behavioural Change

Public participation, civic education, social accountability, investigative journalism, trust and integrity culture.

PILLAR 07

07 Enforcement, Consequence Management and Asset Recovery

Detection, investigation, prosecution, adjudication, sanctions, debarment, recovery and restitution.

PILLAR 08

08 Monitoring, Reporting, Learning and Adaptation

Standardised indicators, progress tracking, feedback loops, peer learning, annual review and course correction.

Complete-cycle alignment —
Together, these pillars link national strategy with institutional prevention, measurable performance and credible consequences.

HYBRID CAPACITY-BUILDING AND CO-CREATION

How the Conference Will Work

01 Evidence & Inputs → 02 Dialogue & Learning → 03 Co-Design & Drafting → 04 Plenary Validation → 05 Commitment & Roadmap

Expert Lectures

National and international experts establish conceptual clarity, present comparative lessons and guide framework design.

Design Labs and Stakeholder Caucuses

Facilitated groups draft framework components, define responsibilities and develop indicators and reporting formats.

Technical and Institutional Presentations

Institutions present existing strategies, tools, experiences, overlaps, gaps and lessons for harmonisation.

Plenary Validation Sessions

Group outputs are tested, revised and validated through transparent plenary review and consensus building.

High-Level Roundtables

Moderated discussions address coordination barriers, institutional tensions, ownership and implementation realities.

Action Planning and Commitments

Participants identify actions, focal points, milestones, review arrangements and collective commitments.

Institutional preparation

Participating organisations will be encouraged to submit relevant frameworks and tools, nominate technical delegates, bring implementation evidence and identify priority commitments before the conference.

INDICATIVE PROGRAMME | DAY ONE

Day One – Setting the Design Context

Wednesday, 21 October 2026 | Diagnosis, alignment and shared design parameters

TIME	SESSION
08:00–09:00	**Registration, Accreditation and Welcome Coffee**
09:00–09:30	**Opening Ceremony and Keynote Address** national leadership, integrity and the imperative of moving from diagnosis to design.
09:30–09:45	**Tea Break and Networking**
09:45–10:25	**State of Play: Nigeria's Anti-Corruption Architecture** • review of the Annual National Anti-Corruption Conference and Capacity-Building Workshop 2025 (ANACCaW 2025) held from Thursday 23rd to Saturday 25th October 2025 at Watercress Hotel, 48 Oritshe Street, off Balogun Street, off Awolowo Way, Ikeja, Lagos, Nigeria; • review of the Annual Executive Integrity & Performance Delivery Retreat 2026 (AEIPDR 2026) held from Wednesday 24th to Friday 26th June 2026 at M Hotel, KNI Avenue, Kigali, Rwanda; • synthesis of resolutions, institutional developments, outstanding coordination challenges and their implications for the national framework.
10:25–14:00	**Institutional Presentations: What Already Exists?** selected frameworks, strategies, scorecards and reporting tools.
14:00–14:45	**Networking Lunch**
14:45–16:15	**High-Level Roundtable: Coordination, Trust and Collective Ownership**
16:15–17:15	**Design Lab 1: Scope, Principles and Strategic Pillars of the NAF**
17:15	**Day One Synthesis and Design Questions for Day Two**

Expected Day Output

Agreed design parameters, preliminary framework architecture, inventory of existing tools and prioritised harmonisation questions.

INDICATIVE PROGRAMME | DAY TWO

Day Two – Harmonisation and Co-Creation

Thursday, 22 October 2026 | Technical capacity, stakeholder roles and collaborative drafting

08:30–09:00	Morning Coffee, Recap and Design Briefing
09:00–10:15	Technical Session: Harmonising Frameworks without Duplicating Mandates
10:15–10:30	Tea Break
10:30–12:15	**Parallel Stakeholder Tracks:** A – Governance, Law and Institutions; B – Prevention, Systems and Performance; C – Citizens, Markets and Public Trust.
12:15–13:15	Working Lunch and Cross-Track Exchange
13:15–15:00	Design Lab 2: Drafting the NAF Strategic Pillars, Roles and Coordination Mechanisms
15:00–16:15	Design Lab 3: Developing the SNACPTT — indicators, reporting fields, evidence requirements, review frequency and accountability arrangements.
16:15–17:15	Interim Plenary Review — presentation, challenge and refinement of draft outputs.

EXPECTED DAY OUTPUT

Consolidated draft framework components, stakeholder roles matrix and preliminary SNACPTT structure.

INDICATIVE PROGRAMME | DAY THREE

Day Three – Validation, Ownership and Implementation

Friday, 23 October 2026 | Consensus, commitments and the accountability loop

08:30–09:00	Morning Coffee, Recap and Validation Briefing
09:00–10:30	Design Lab 4: Finalising the SNACPTT and Implementation Logic
10:30–10:45	Tea Break
10:45–12:15	**Special Policy-to-Enforcement Roundtable** — detection, intelligence, investigation, prosecution, adjudication, sanctions and asset recovery; agenda inputs for the Enforcement, Justice and Asset Recovery Forum.
12:15–13:15	Networking Lunch
13:15–14:30	Plenary Validation of Draft NAF and SNACPTT
14:30–15:15	Stakeholder Ownership and Implementation Pact
15:15–16:00	Implementation and Review Roadmap
16:00–16:45	Closing Plenary, Communiqué, Certificates and Group Photographs

EXPECTED DAY OUTPUT

Plenary-validated draft instruments, collective implementation commitments, a sequenced roadmap and an agenda bridge to the enforcement and justice platform.

A WHOLE-OF-SOCIETY DESIGN PROCESS

Who Should Attend?

The quality and legitimacy of the national architecture will depend on the depth, diversity and technical credibility of participation.

01 **Federal and State Executive Leadership**
Ministers, Commissioners, SSGs, Heads of Service, Permanent Secretaries, Directors-General and Chief Executives.

02 **Legislature**
Relevant Senate and House Committees, State Houses of Assembly, clerks and legislative policy specialists.

03 **Judiciary and Justice Sector**
Judicial officers, court administrators, Attorneys-General, prosecutors, legal practitioners and professional associations.

04 **Anti-Corruption, Law-Enforcement and Oversight Institutions**
EFCC, ICPC, CCB/CCT, NFIU, Police, auditors, procurement and regulatory bodies.

05 **State and Local Government Systems**
Local government authorities, ALGON, finance and revenue institutions, auditors and integrity units.

06 **Private Sector and Professional Bodies**
Financial institutions, businesses, trade associations, accountants, auditors, lawyers, procurement and compliance professionals.

07 **Civil Society, Media and Communities**
CSOs, CBOs, investigative journalists, faith-based organisations, youth groups and citizen accountability platforms.

08 **Academia, Research and Development Partners**
Universities, think tanks, researchers, international organisations, donor agencies and technical partners.

Institutional delegations are encouraged — Organisations should nominate decision-makers and technical personnel capable of contributing frameworks, evidence, operational experience and implementable commitments.

PARTICIPATION VALUE

Why Your Institution Should Participate

01 **Shape the National Architecture**
Contribute directly to the design of frameworks, roles, indicators and implementation arrangements that may influence future national practice.

02 **Strengthen Institutional Capacity**
Access expert guidance, comparative lessons and practical methods for coordination, integrity systems, monitoring and accountability.

03 **Build Strategic Networks**
Engage decision-makers, practitioners, oversight bodies, reform leaders, development partners and professional communities.

04 **Clarify Roles and Reduce Duplication**
Identify overlaps, gaps, referral pathways and collaboration opportunities across institutions and levels of government.

05 **Connect Integrity with Performance**
Apply lessons from the Executive Integrity & Performance Delivery Retreat to strengthen systems, controls and service delivery.

06 **Advance the Accountability Loop**
Help define priority issues for the forthcoming Enforcement, Justice and Asset Recovery Forum.

THE THREE-EVENT SERIES AT A GLANCE

NATIONAL CONFERENCE
2026 Theme: From Diagnosis to Design: Harmonising Nigeria's Anti-Corruption Architecture through Collective Ownership.

EXECUTIVE RETREAT
2026 Theme: Strengthening Leadership, Systems, and Accountability in Public Institutions.
First edition held in Kigali, 24–26 June 2026.

ENFORCEMENT FORUM
Inaugural focus: Closing the Accountability Loop: From Detection and Investigation to Prosecution, Sanctions and Asset Recovery.
Date to be announced.

Participants who complete the conference and capacity-building programme will receive a Certificate of Participation.
